Running and Navigation of the System

This manual serves as a guide for the users of the Fake Rider Motorparts system by presenting step-by-step procedures for its major functions, together with a screenshot of each screen.

Process Name: Viewing the Home Page

Description: Displays the shop's home page and the main menu of the website.

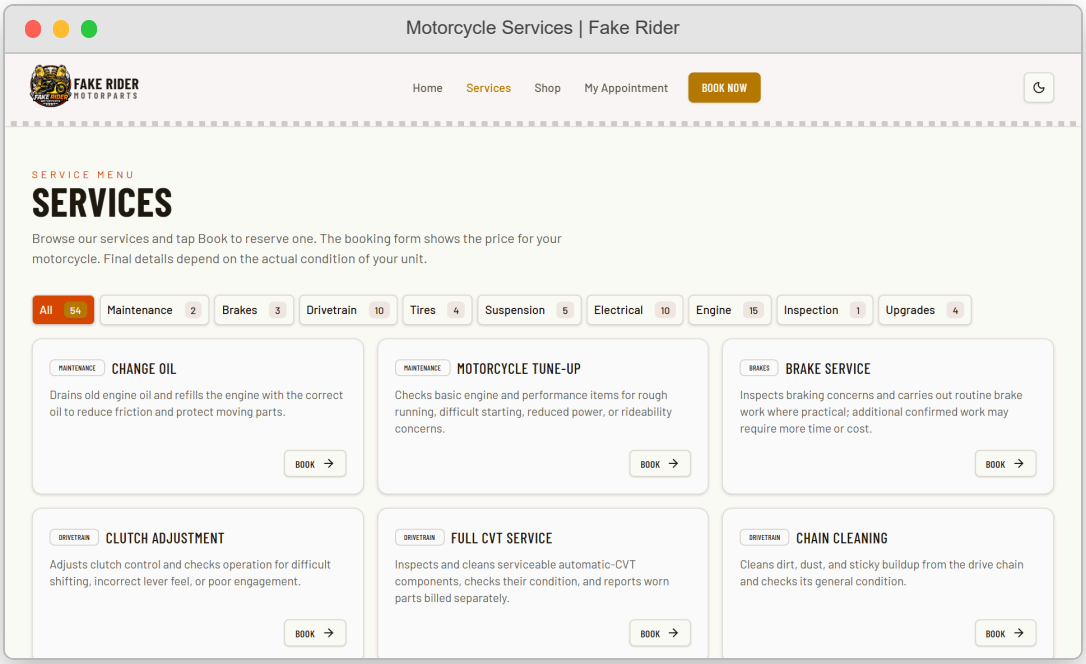

Procedure:

1. Open the Fake Rider Motorparts website in a web browser.
2. View the home page.
3. Click Home, Services, Shop, My Appointment or Book Now in the menu to go to the needed page.

Process Name: Viewing the Services

Description: Displays the services offered by the shop with their descriptions.

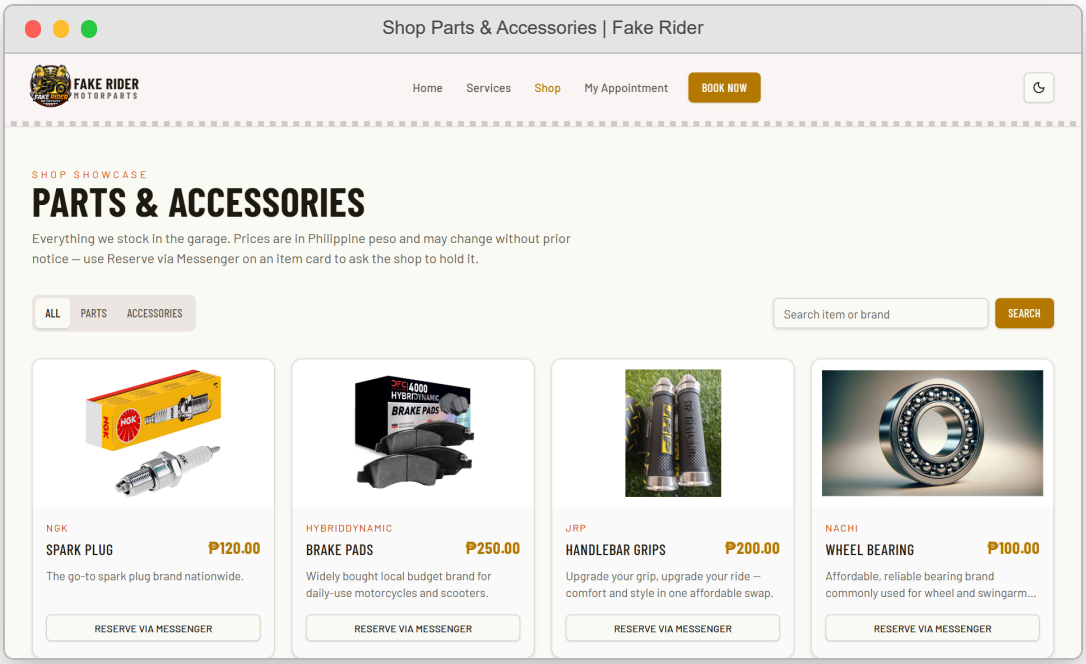

Procedure:

1. Click Services in the menu.
2. Select a category to filter the list.
3. Click See More to read a full description.
4. Click Book on a service to book it.

Process Name: Viewing the Parts and Accessories

Description: Displays the parts and accessories sold by the shop with their prices.

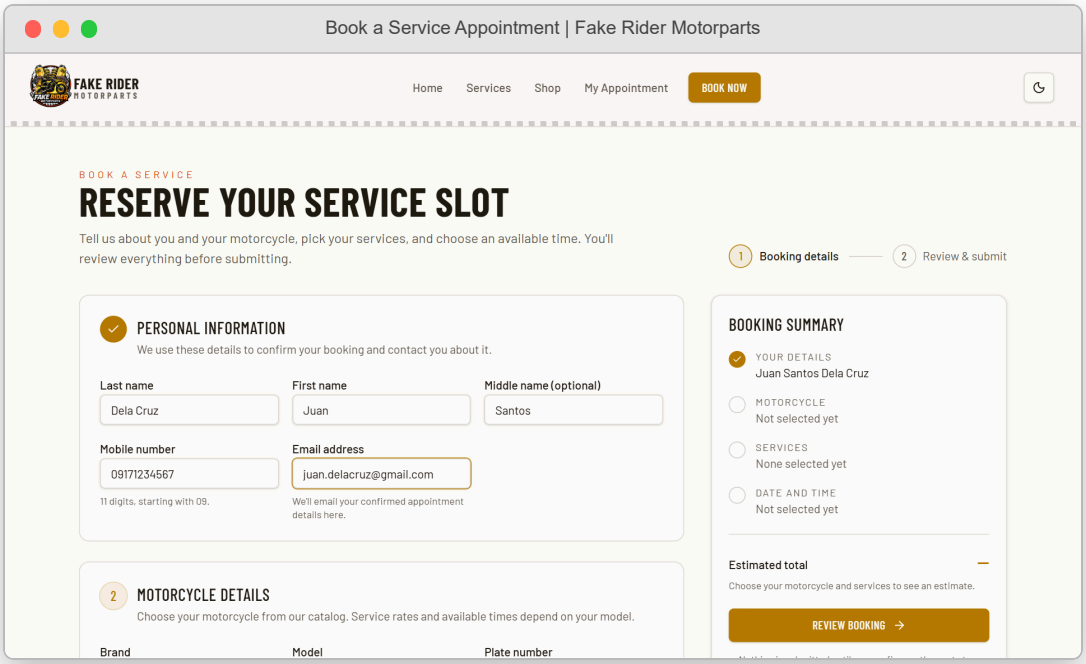

Procedure:

1. Click Shop in the menu.
2. Select All, Parts or Accessories, or search by item or brand.
3. Click Reserve via Messenger to ask the shop to hold an item.

Process Name: Booking an Appointment: Personal Information

Description: Allows customers to enter their name and contact details for a booking.

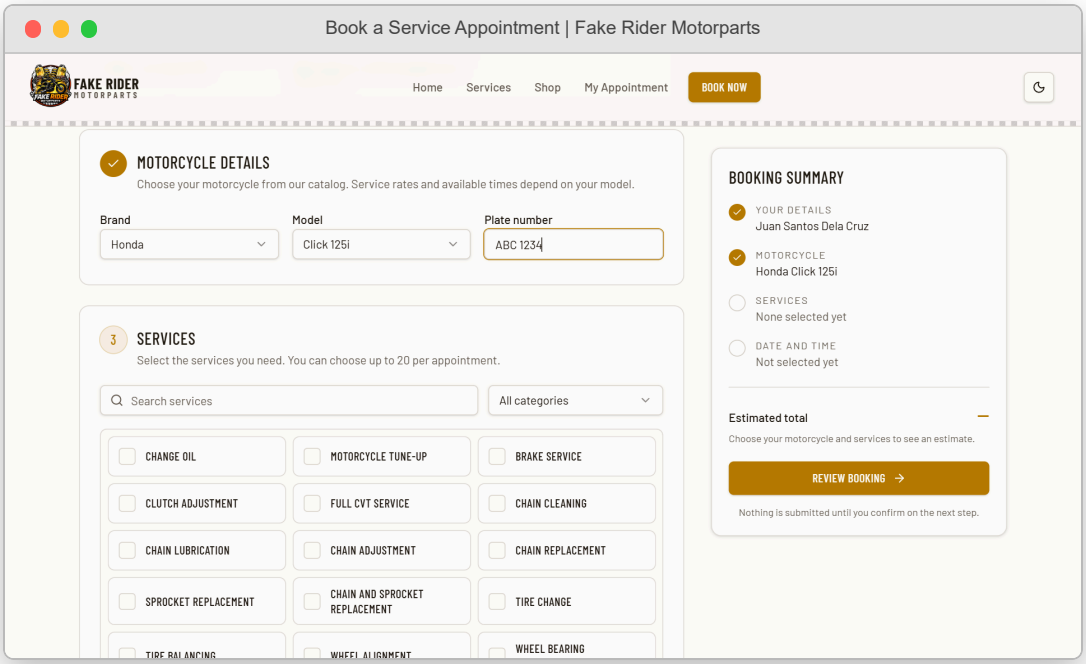

Procedure:

1. Click Book Now.
2. Enter the last name, first name and middle name (optional).
3. Enter the mobile number and email address.

Process Name: Booking an Appointment: Motorcycle Details

Description: Allows customers to identify the motorcycle that will be serviced.

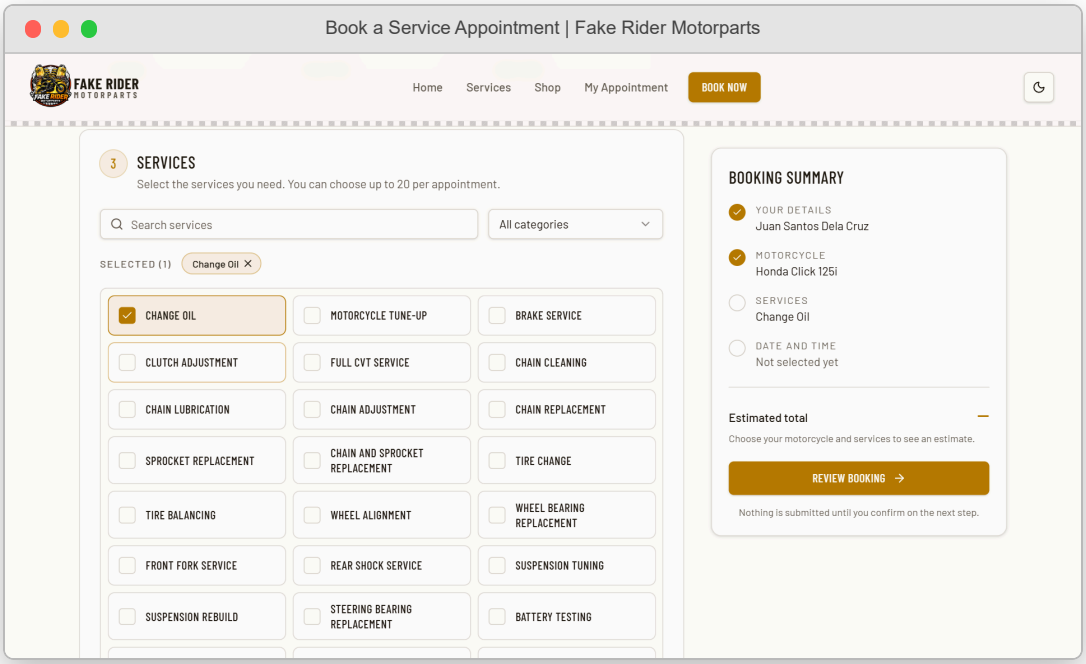

Procedure:

1. Select the brand of the motorcycle.
2. Select the model.
3. Enter the plate number.

Process Name: Booking an Appointment: Services

Description: Allows customers to choose the services needed for the motorcycle.

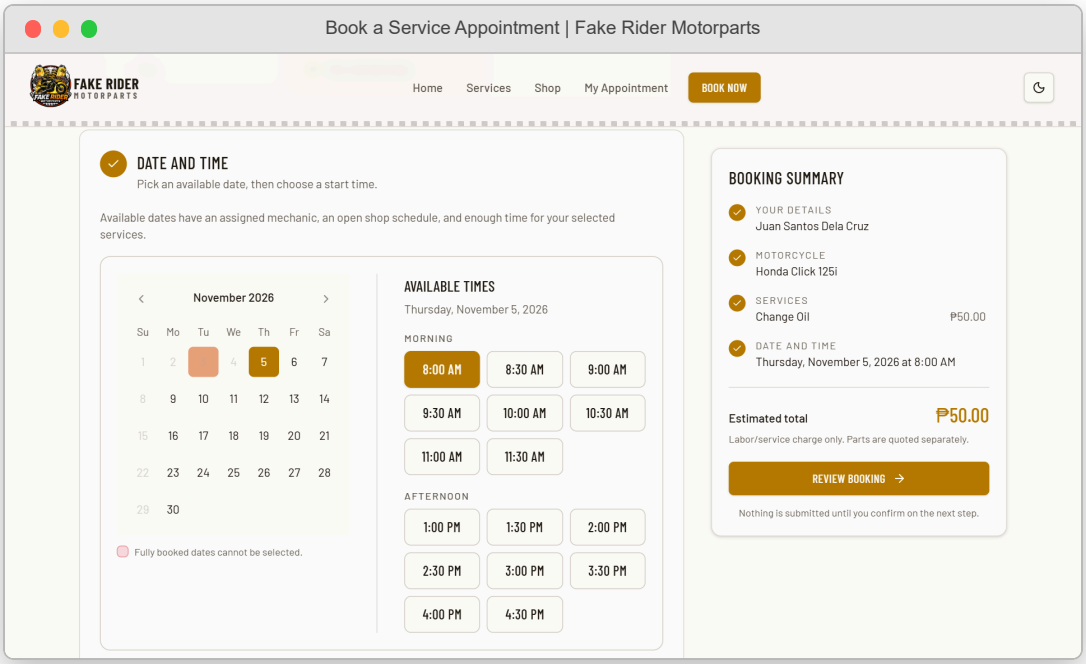

Procedure:

1. Search for a service or select a category.
2. Click each service needed.
3. Choose whether shop products may be used during the service.

Process Name: Booking an Appointment: Date and Time

Description: Allows customers to choose an available date and start time.

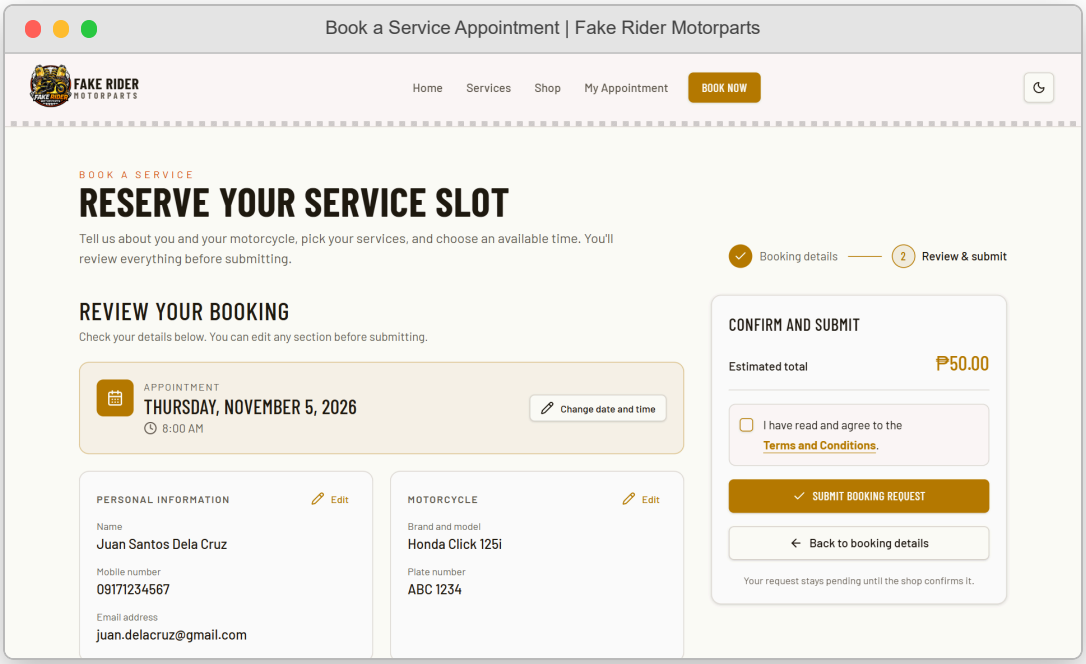

Procedure:

1. Select an available date on the calendar.
2. Select an available start time. Crossed-out times are already booked or unavailable.
3. Click Review Booking.

Process Name: Reviewing and Submitting a Booking

Description: Allows customers to check all booking details before sending the request.

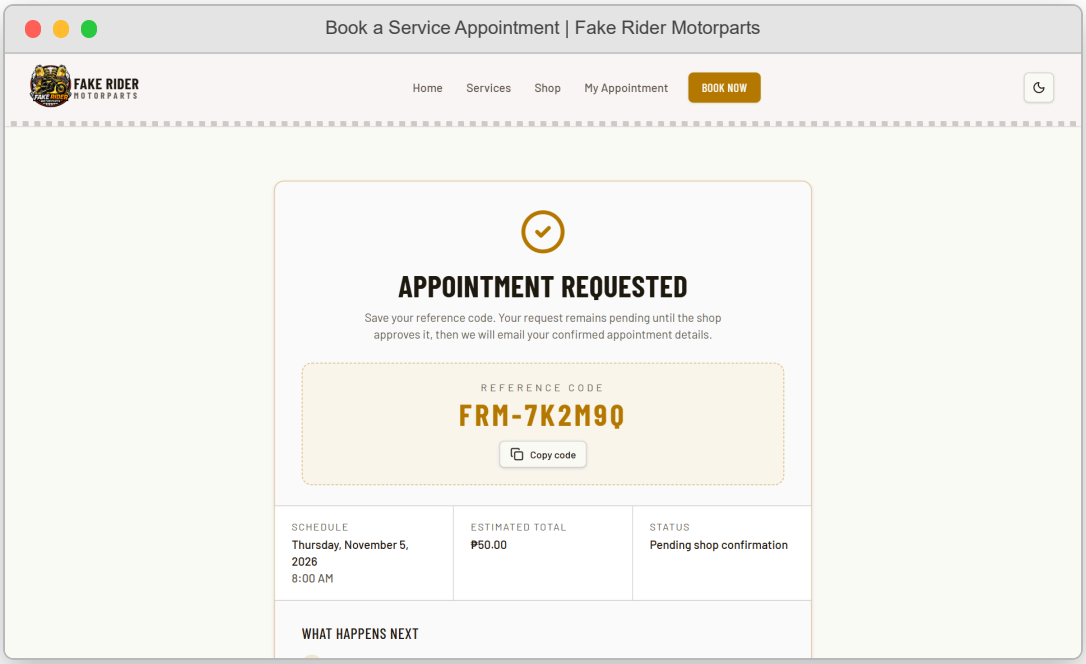

Procedure:

1. Check the booking details. Click Edit to change any part.
2. Tick I have read and agree to the Terms and Conditions.
3. Complete the security check.
4. Click Submit Booking Request.

Process Name: Booking Confirmation

Description: Displays the reference code after a booking request is sent.

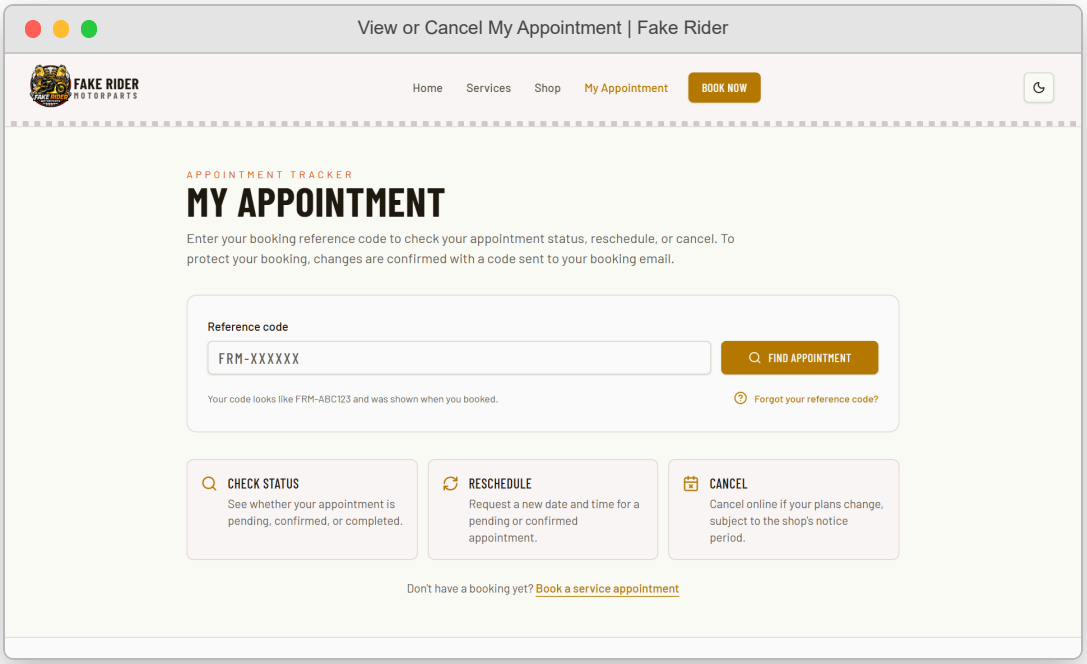

Procedure:

1. Take note of the reference code, or click Copy code to copy it.
2. Wait for the shop to confirm the appointment by email and text message.

Process Name: Finding an Appointment

Description: Allows customers to look up their booking using its reference code.

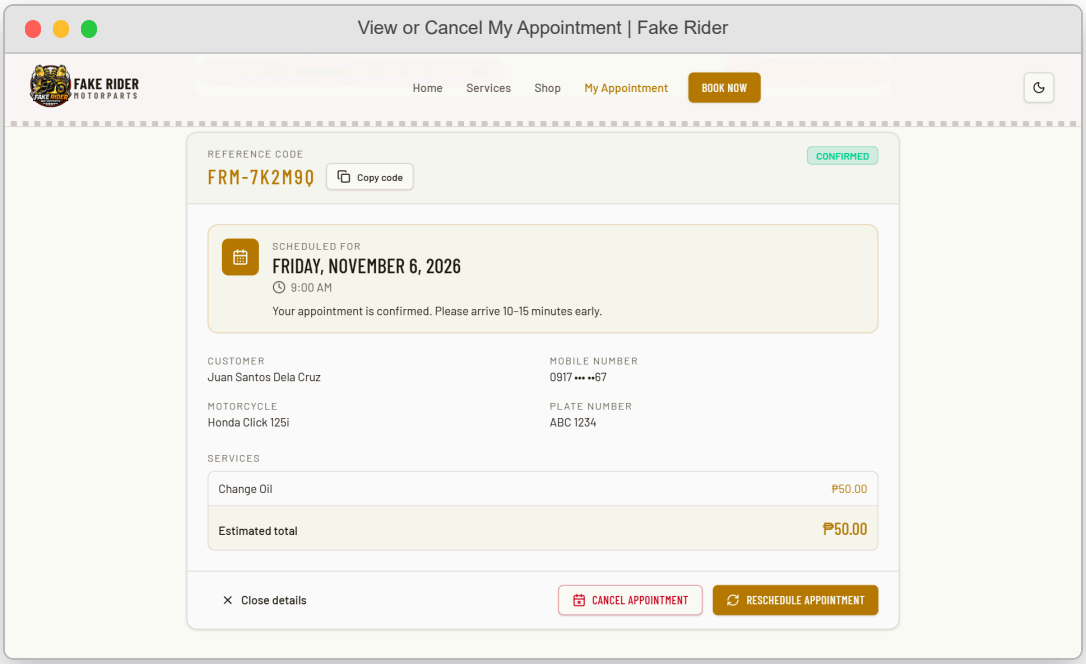

Procedure:

1. Click My Appointment in the menu.
2. Enter the reference code.
3. Click Find Appointment.

Process Name: Viewing Appointment Details

Description: Displays the status, schedule and details of a booking.

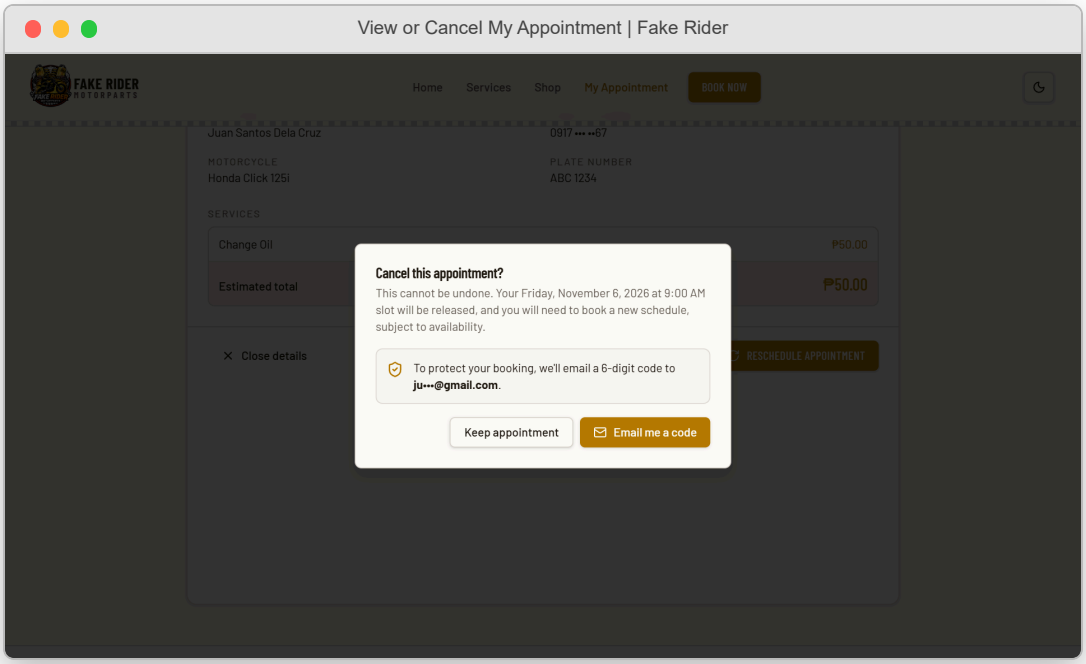

Procedure:

1. Find the appointment using its reference code.
2. View the status, schedule, motorcycle and services.
3. Click Cancel Appointment or Reschedule Appointment if needed, or Close details when done.

Process Name: Cancelling an Appointment

Description: Allows customers to cancel a booking after verifying their email address.

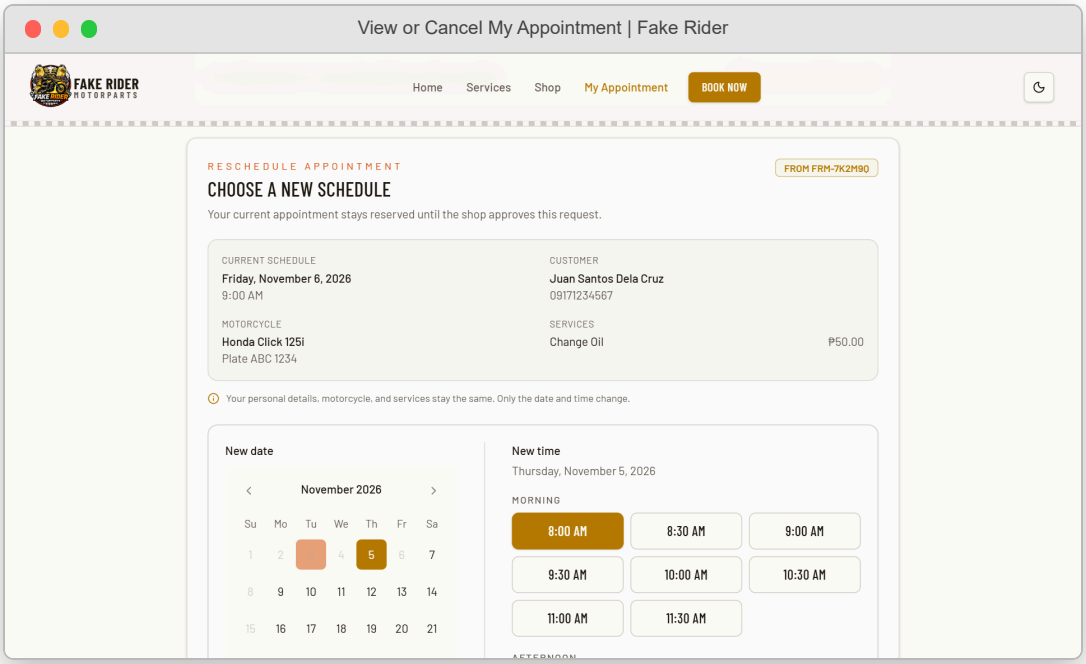

Procedure:

1. Click Cancel Appointment.
2. Click Email me a code.
3. Enter the six-digit code sent to the booking's email address.
4. Click Verify and continue to cancel the appointment.

Process Name: Requesting a Reschedule

Description: Allows customers to ask the shop to move their appointment to a new date and time.

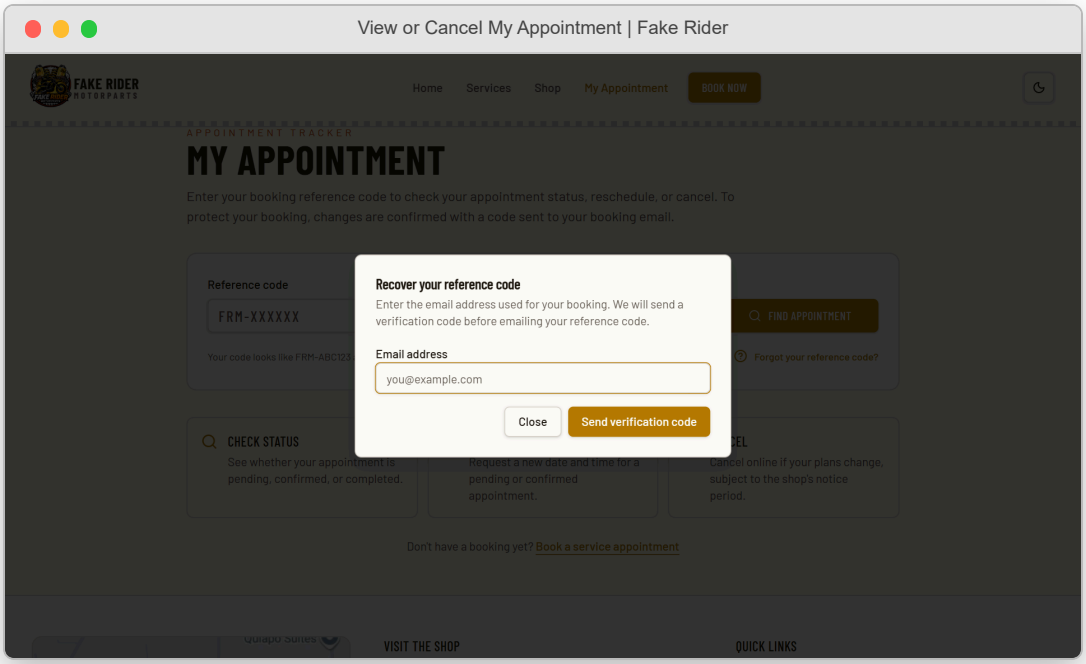

Procedure:

1. Click Reschedule Appointment, then verify using the code sent by email.
2. Select a new date and time.
3. Enter the reason for rescheduling and agree to the terms.
4. Click Review Reschedule Request, then Submit Reschedule Request.

Process Name: Recovering a Reference Code

Description: Allows customers who forgot their reference code to receive it by email.

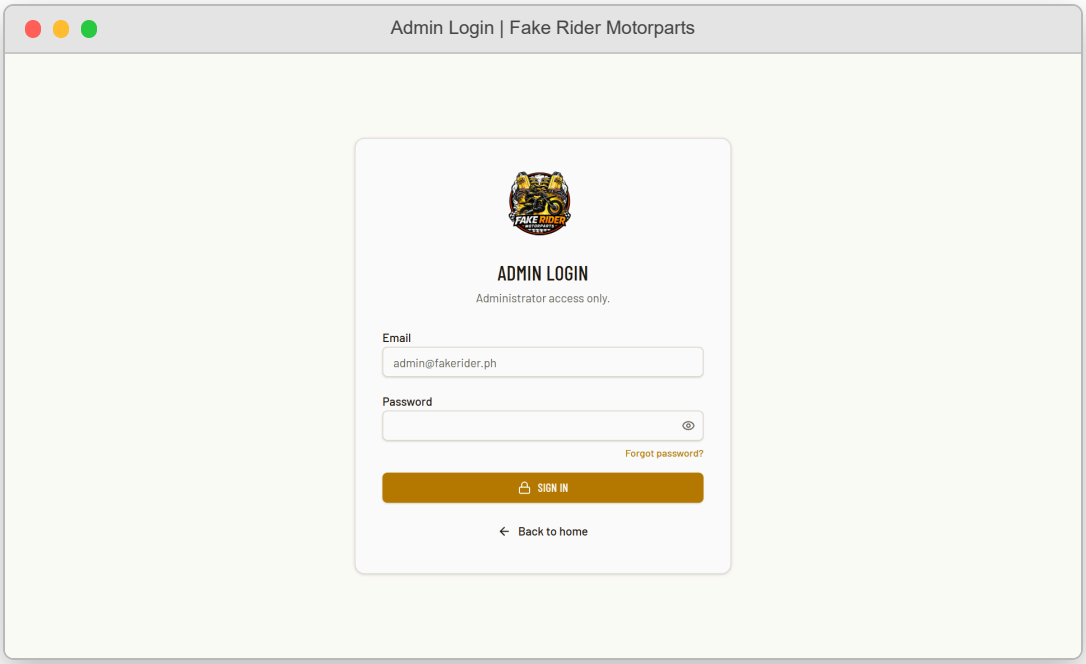

Procedure:

1. Click Forgot your reference code?
2. Enter the email address used for the booking and click Send verification code.
3. Enter the code sent to the email address.
4. Check the email inbox for the reference code.

Process Name: Admin Login

Description: Allows the administrator to sign in to the admin console.

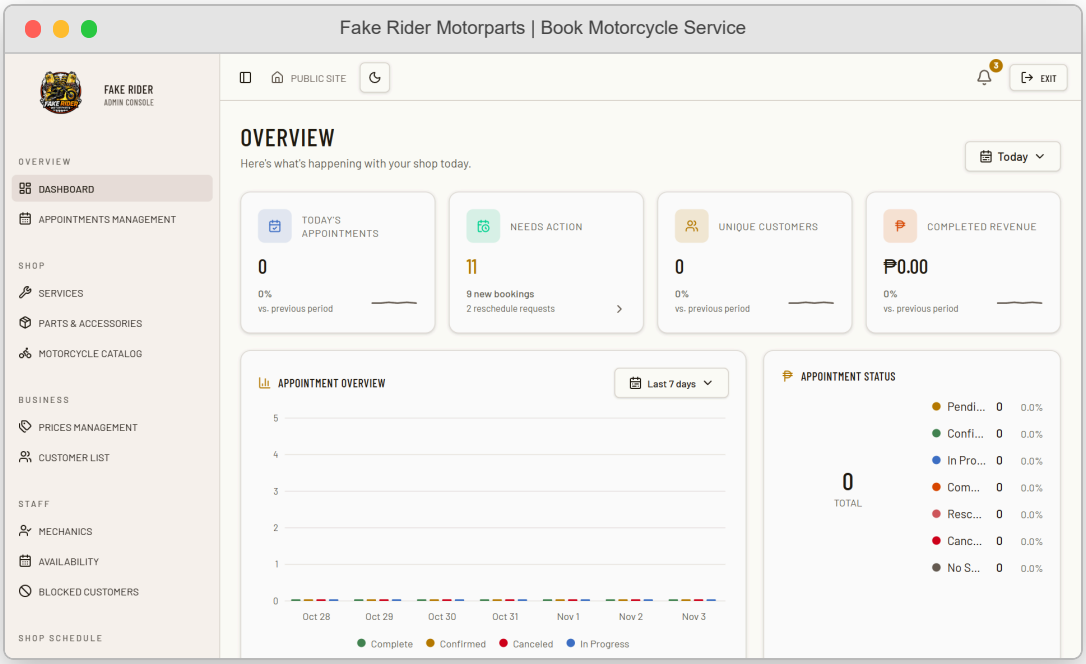

Procedure:

1. Open the admin login page by adding /auth to the website address.
2. Enter the email address and password.
3. Click Sign In.

Process Name: Admin Dashboard

Description: Displays an overview of appointments, customers and revenue.

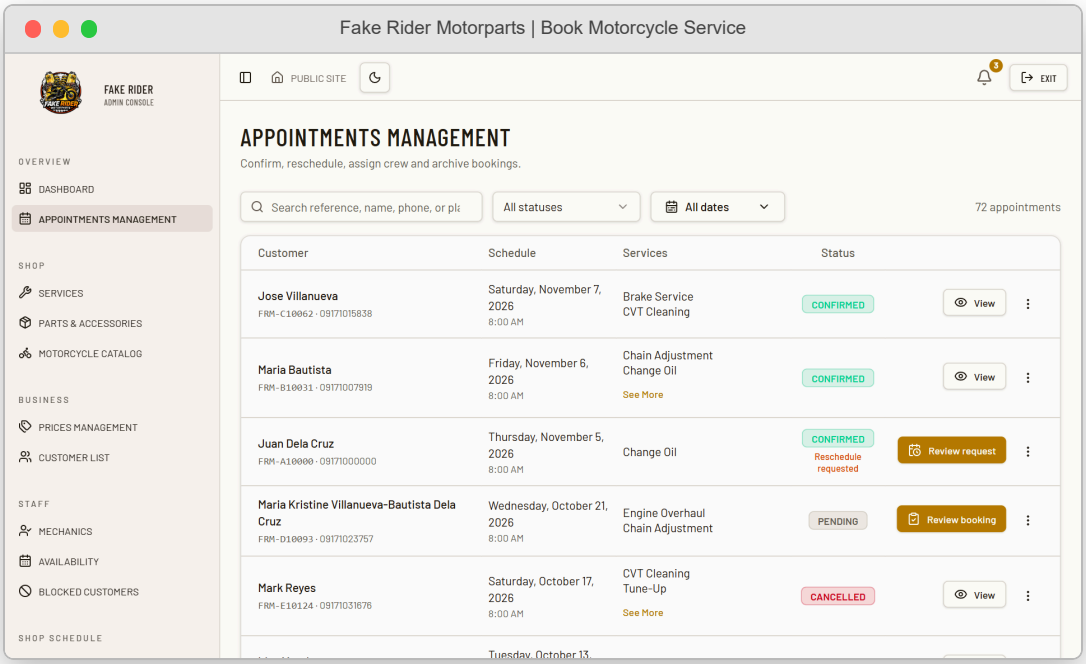

Procedure:

1. Log in as administrator.
2. View the dashboard.
3. Select the needed module from the side menu.

Process Name: Appointments Management

Description: Allows the administrator to review and manage customer bookings.

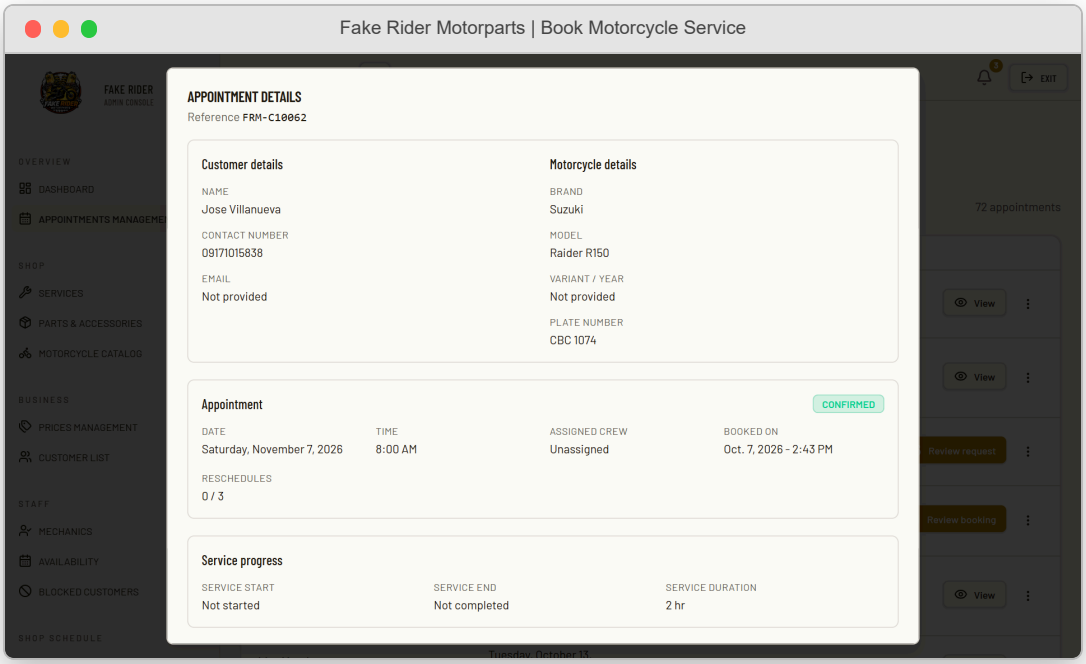

Procedure:

1. Click Appointments Management.
2. Search for or filter the appointments.
3. Click Review booking to confirm or reject a new booking, Review request for a reschedule request, or View to open an appointment.

Process Name: Viewing an Appointment

Description: Displays the full details of an appointment for the administrator.

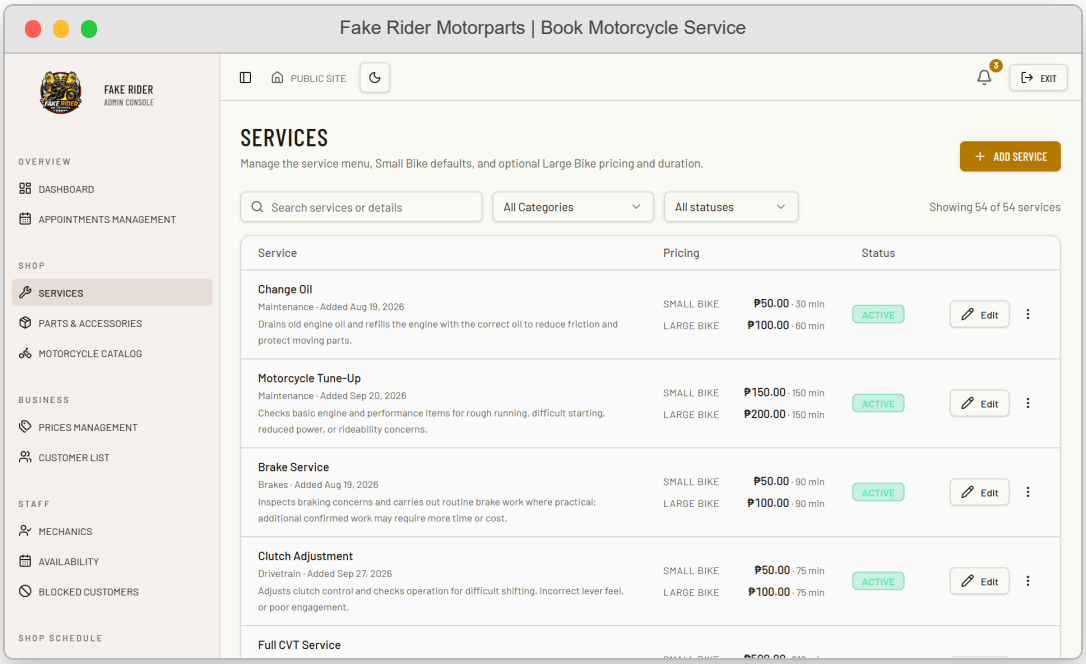

Procedure:

1. Click View on an appointment.
2. Check the customer, motorcycle and appointment details.
3. Click Edit appointment to change it, or record when the service starts and when it is completed.

Process Name: Services Management

Description: Allows the administrator to add and update the services offered.

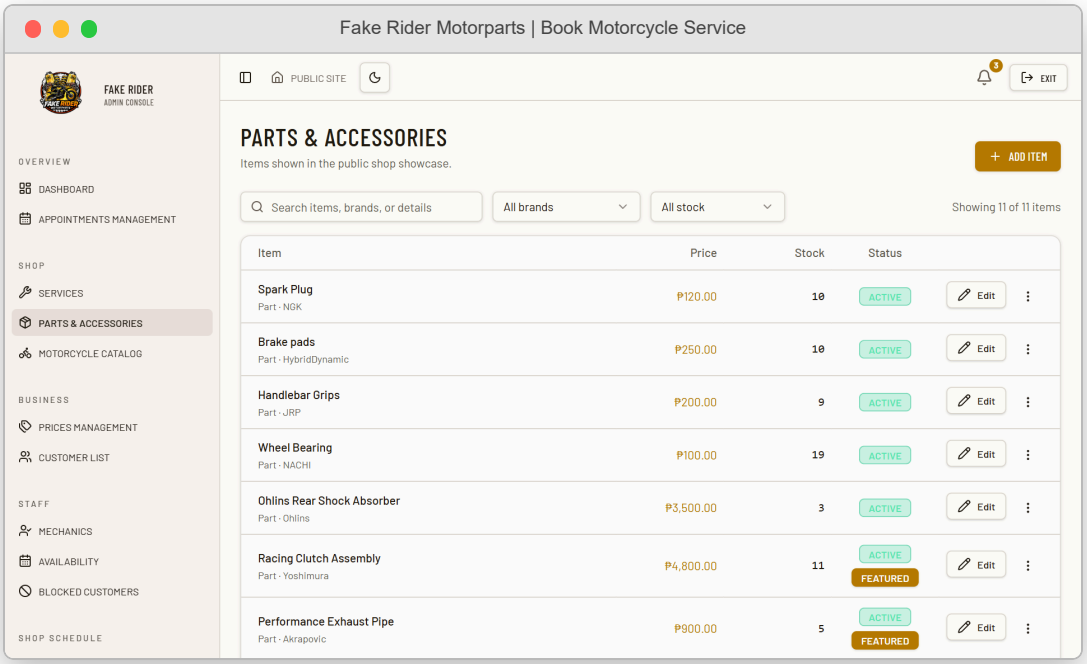

Procedure:

1. Click Services.
2. Click Add Service, or Edit on an existing service.
3. Enter the service details, prices and duration, then save.

Process Name: Parts and Accessories Management

Description: Allows the administrator to manage the items shown in the shop.

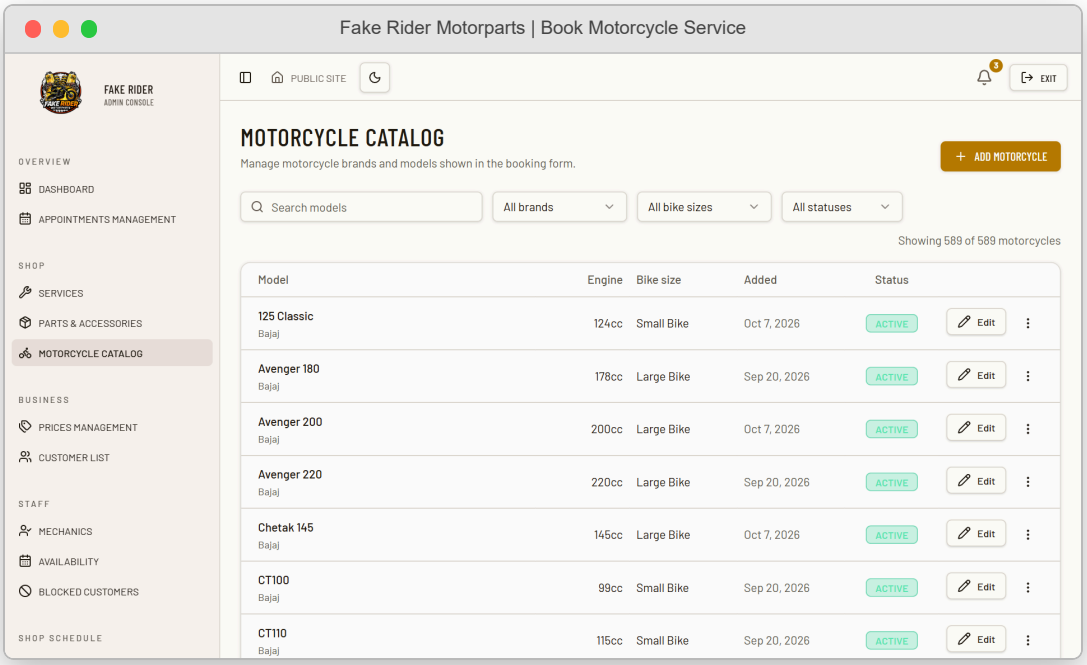

Procedure:

1. Click Parts & Accessories.
2. Click Add Item, or Edit on an existing item.
3. Enter the item details, price and stock, then save.

Process Name: Motorcycle Catalog

Description: Allows the administrator to manage the motorcycle brands and models customers choose from.

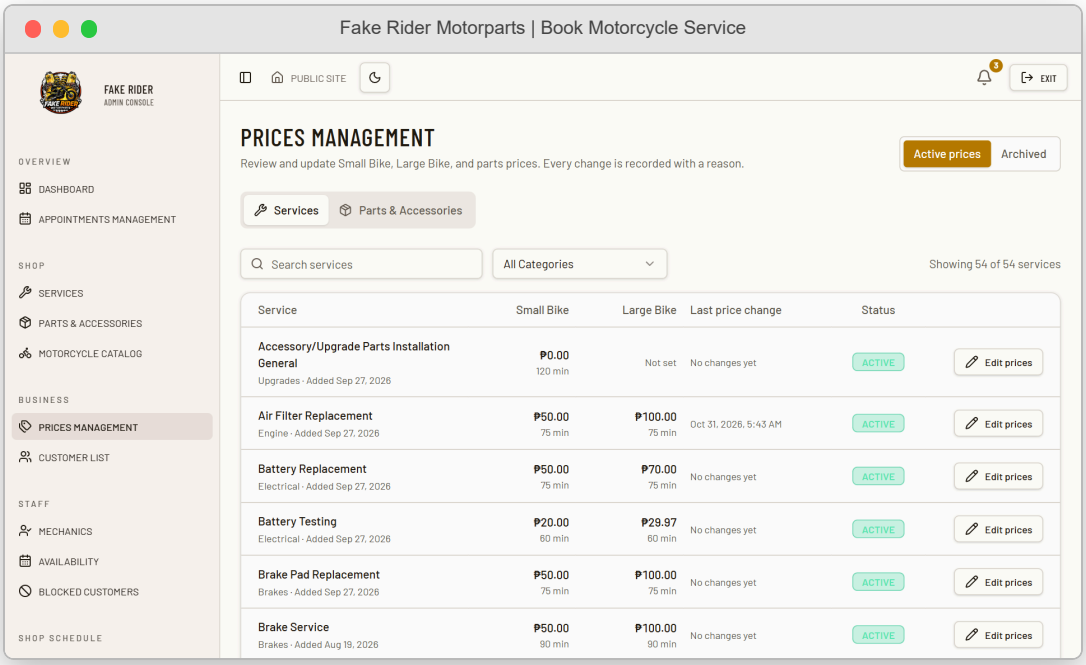

Procedure:

1. Click Motorcycle Catalog.
2. Click Add Motorcycle, or Edit on an existing model.
3. Enter the brand, model and engine size, then save.

Process Name: Prices Management

Description: Allows the administrator to update the prices of services, parts and accessories.

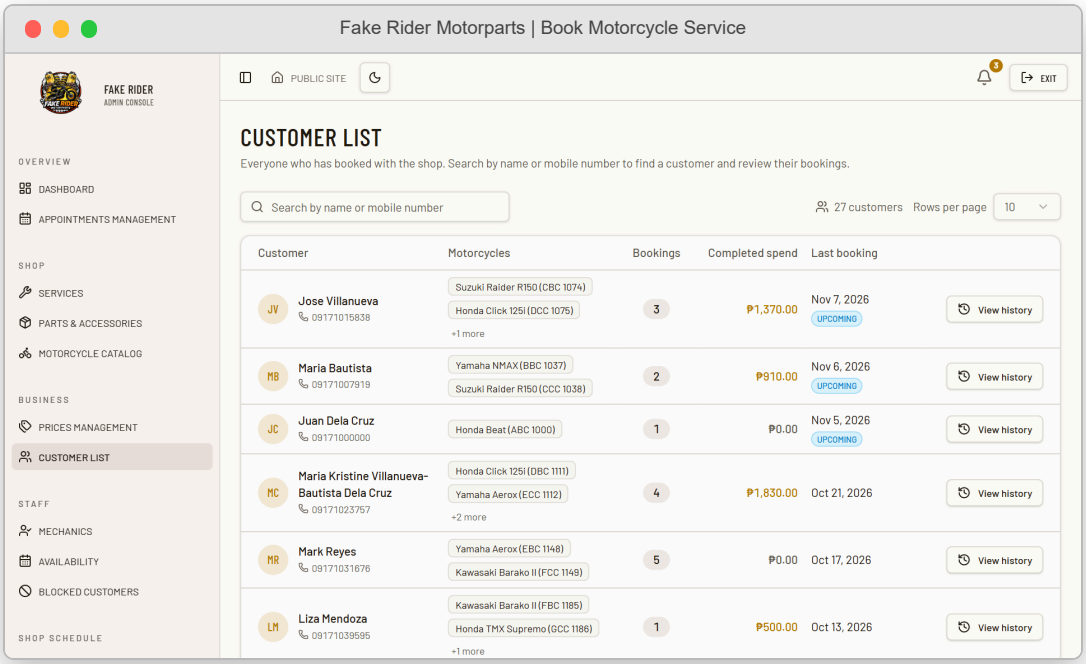

Procedure:

1. Click Prices Management.
2. Select Services or Parts & Accessories.
3. Click Edit prices, enter the new price and the reason for the change, then save.

Process Name: Customer List

Description: Displays the customers who have booked with the shop.

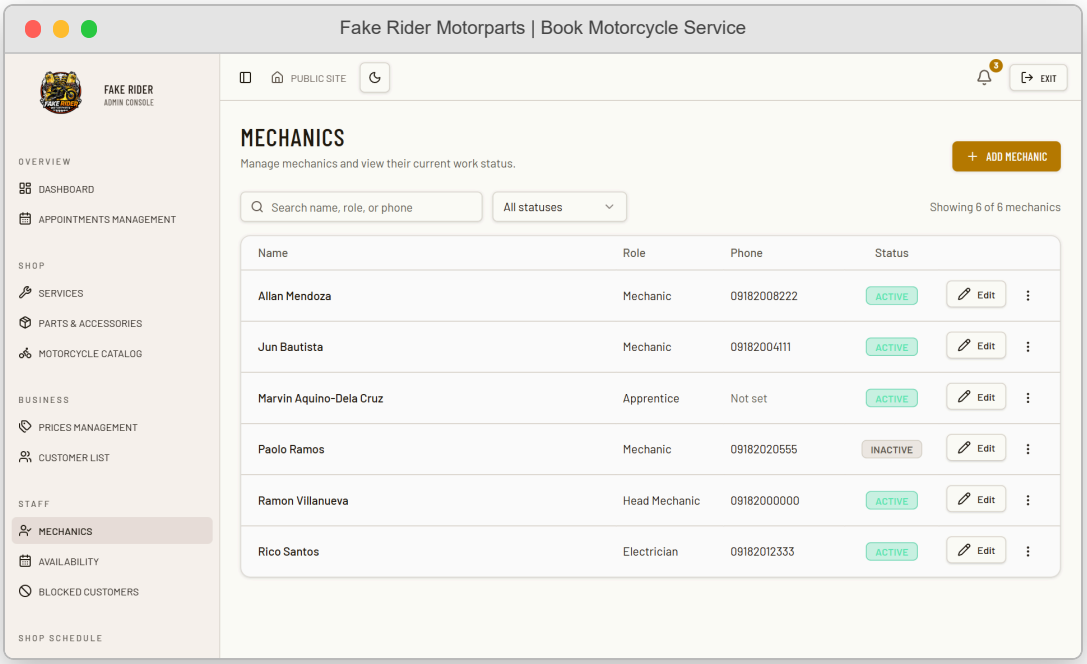

Procedure:

1. Click Customer List.
2. Search by name or mobile number.
3. Click View history to see a customer's bookings.

Process Name: Mechanics

Description: Allows the administrator to manage the shop's mechanics.

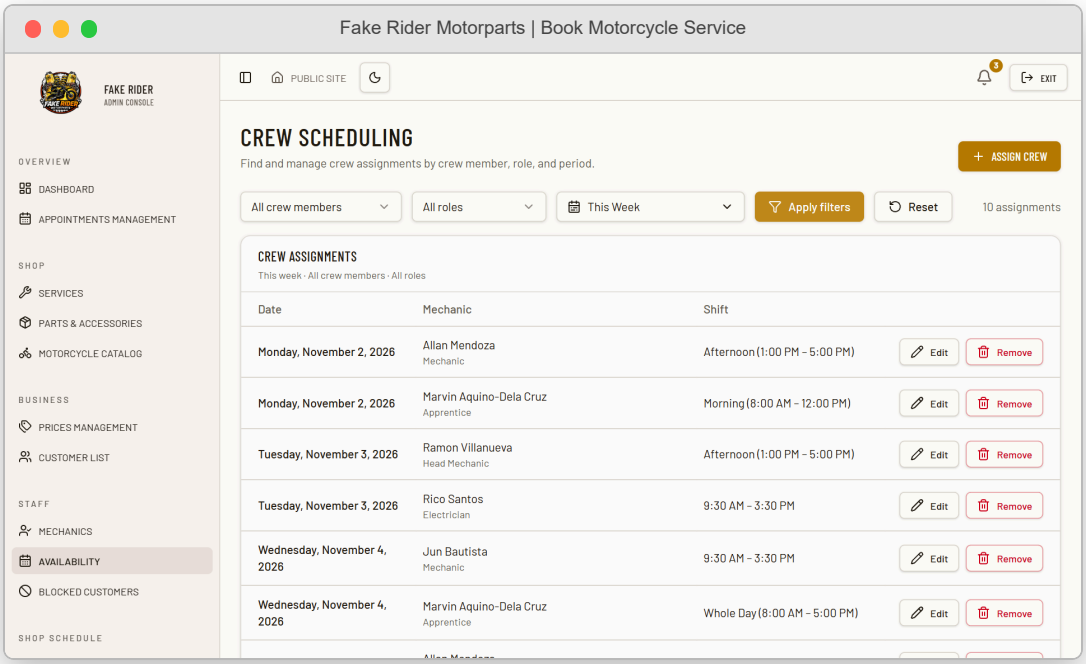

Procedure:

1. Click Mechanics.
2. Click Add Mechanic, or Edit on an existing mechanic.
3. Enter the name, role and mobile number, then save.

Process Name: Crew Availability

Description: Allows the administrator to set which mechanics are on duty and when.

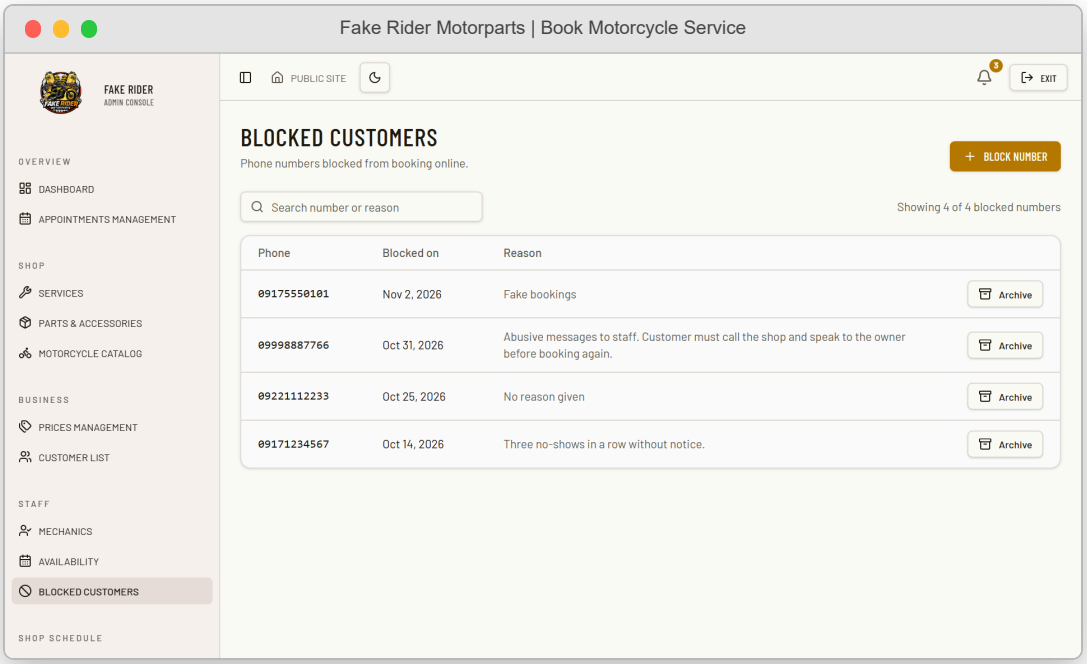

Procedure:

1. Click Availability.
2. Select the crew member, role and period, then click Apply filters.
3. Click Assign Crew to add a shift, or Edit or Remove to change one.

Process Name: Blocked Customers

Description: Allows the administrator to stop a mobile number from booking.

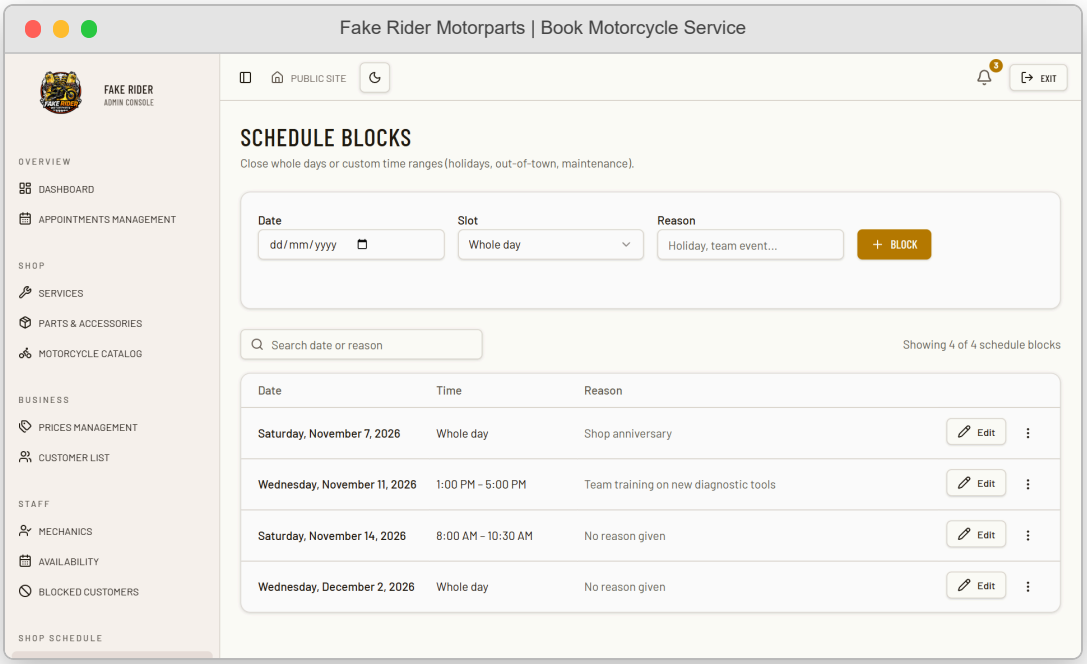

Procedure:

1. Click Blocked Customers.
2. Click Block Number.
3. Enter the mobile number and the reason, then save.
4. Click Archive to remove a block.

Process Name: Schedule Blocks

Description: Allows the administrator to close a day or time range so customers cannot book it.

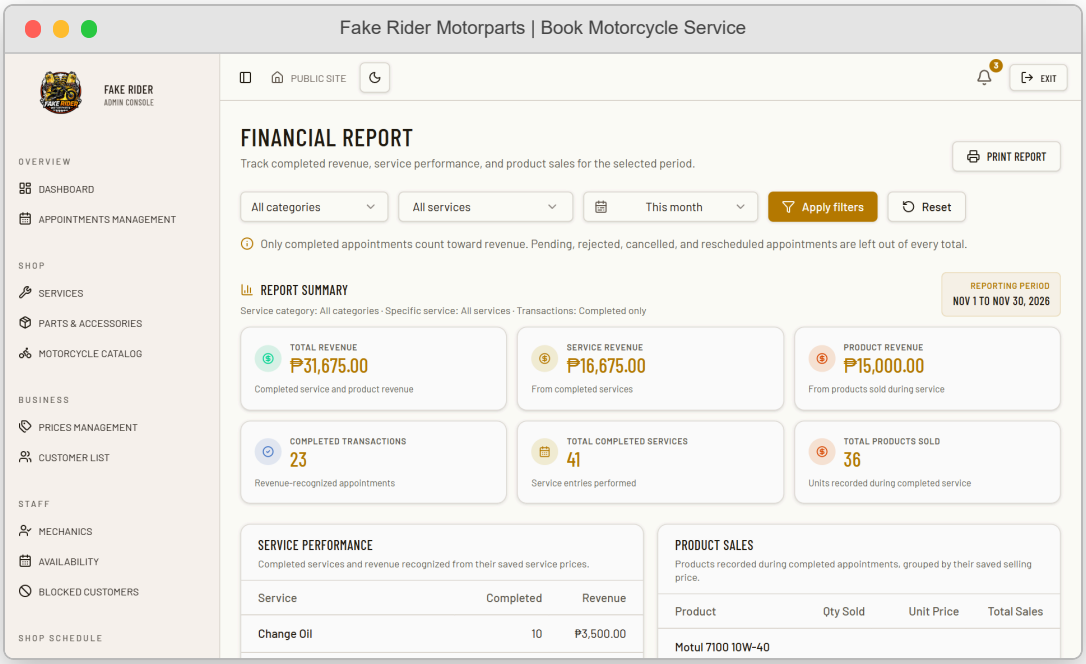

Procedure:

1. Click Schedule Blocks.
2. Select the date and time slot.
3. Enter the reason.
4. Click Block.

Process Name: Financial Report

Description: Allows the administrator to view and print the shop's revenue report.

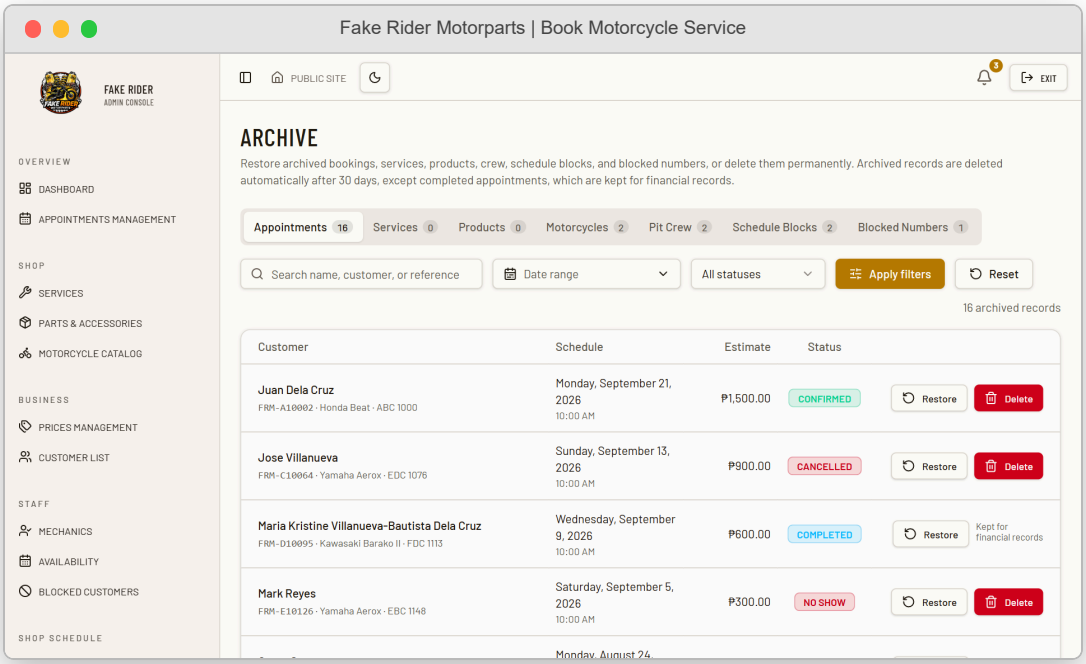

Procedure:

1. Click Reports.
2. Select the category, services and period, then click Apply filters.
3. Click Print Report to print the report or save it as a PDF.

Process Name: Archive

Description: Allows the administrator to restore or permanently delete archived records.

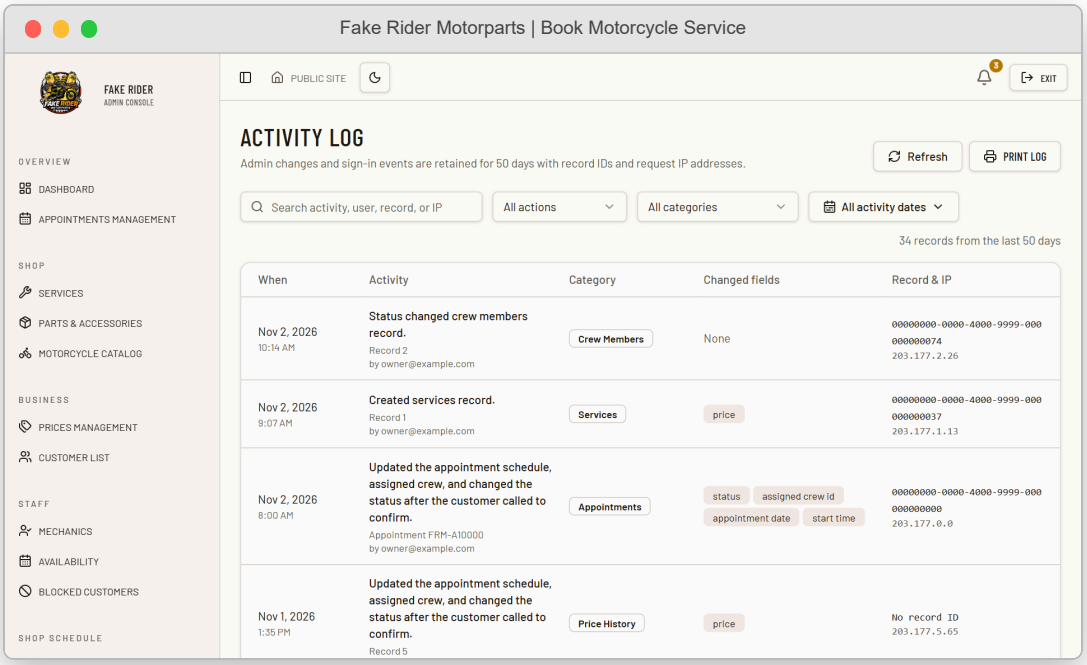

Procedure:

1. Click Archive.
2. Select a tab and search for the record.
3. Click Restore to bring it back, or Delete to remove it permanently.

Process Name: Activity Log

Description: Displays the changes made in the admin console and the administrator sign-ins.

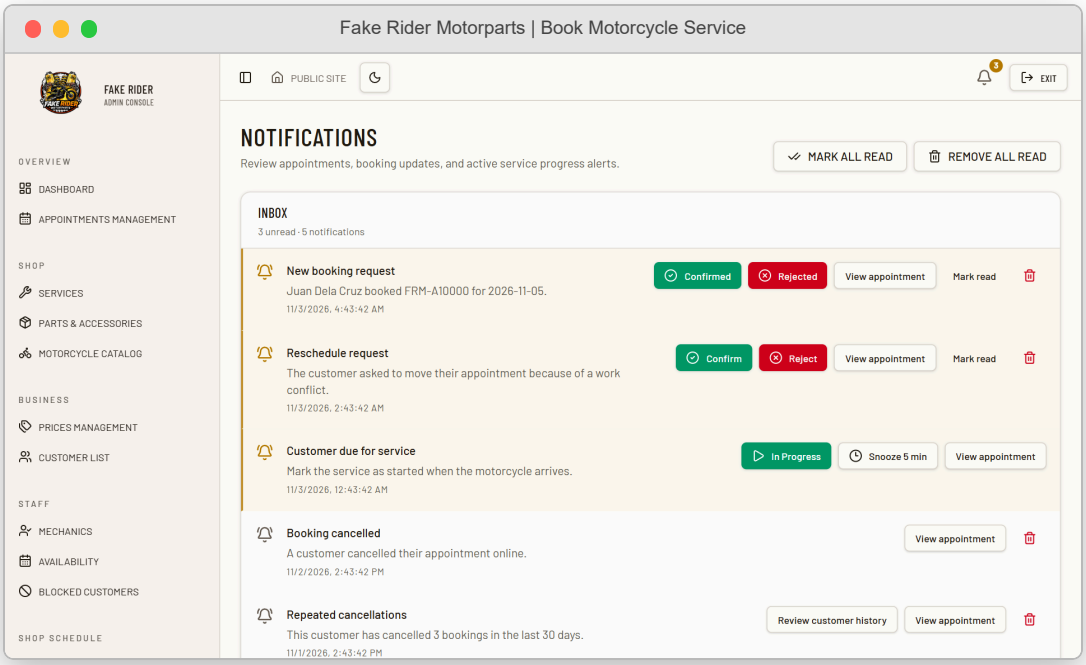

Procedure:

1. Click Activity Log.
2. Filter the records by action, category or date.
3. Click Print Log to print the records.

Process Name: Notifications

Description: Displays alerts about new bookings, reschedule requests, cancellations and services due.

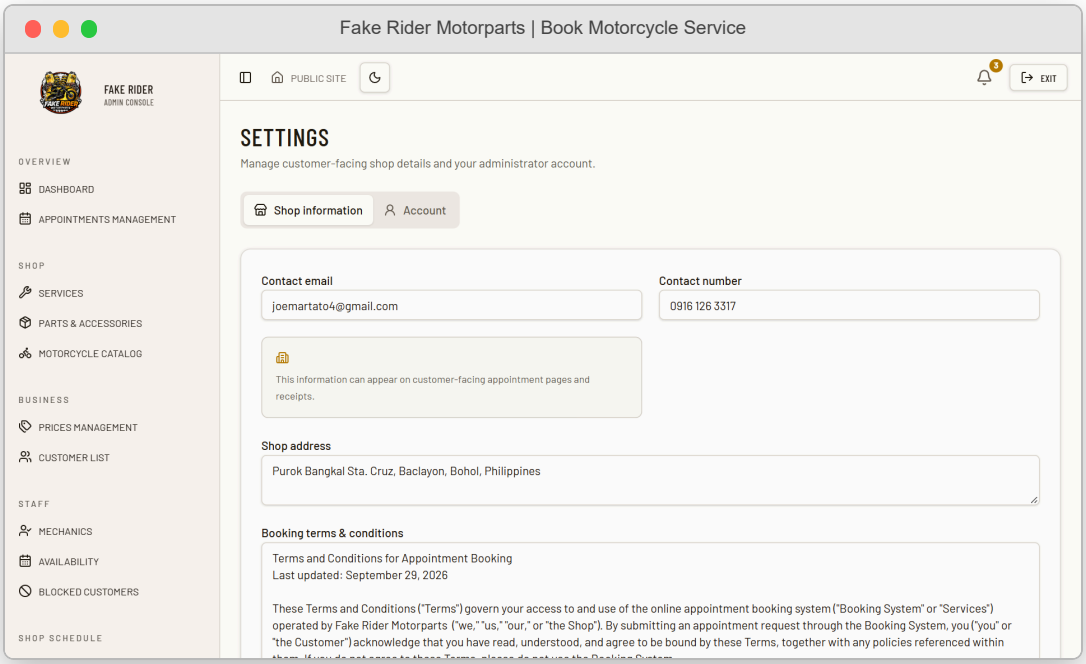

Procedure:

1. Click the bell icon at the top of the admin console.
2. Read the notification.
3. Click its action, such as Confirm, Reject or View appointment, or click Mark read.

Process Name: Settings

Description: Allows the administrator to update the shop information and the admin account.

Procedure:

1. Click Settings.
2. Select Shop information or Account.
3. Edit the needed details.
4. Click Save shop information or Save account changes.
